MATERIAL SOURCING & CUSTOM DESIGN

MODERN ARTISANS PRODUCING EXTRAORDINARY PRODUCTS

Adige is a Boston-based European material sourcing and custom design company that specializes in sourcing high-quality materials and products to developers, architects, designers and homeowners. Having traveled throughout Italy visiting factories and workshops, our Boston-based team has formed relationships with modern artisans and brands with centuries of craft knowledge. This allows us to guide our clients through a unique experience by bringing quality, 'Made in Italy' products and materials into their projects.

OUR SERVICES

UNIQUE, MODERN ARCHITECTURAL SOLUTIONS

From boutique offices to luxury residences, Adige delivers a unique experience through material sourcing, product procurement, and custom solutions to accompany clients from project development through installation and after-sale service.

Nothing at Adige is ordinary. Products are selected or customized by our detail-oriented designers and produced by our trusted artisans, allowing us to bring a new level of quality and sophistication to our clients' projects.

PRODUCT PROCUREMENT & INTERIOR DESIGN

From hand-wrought metalwork pieces, furniture, and designer lighting to custom bathroom vanities and fixtures, Adige's collection of represented artisanal products form a cohesive design expression. With our modern take on craftsmanship and a bespoke design approach, Adige offers product procurement and interior design services to accompany clients from project development through installation and after-sale service.

MATERIAL SOURCING

By bridging the gap between Italian artisans and 'Made in Italy' materials, Adige brings unique materials and exclusive design to both industry professionals and homeowners alike. From recommending the right wood flooring, to the best system for your closet needs, to a durable stone for your kitchen, we have the expertise and resources to elevate your project with quality, sustainable materials.

FEATURED ARTISAN

ITLAS

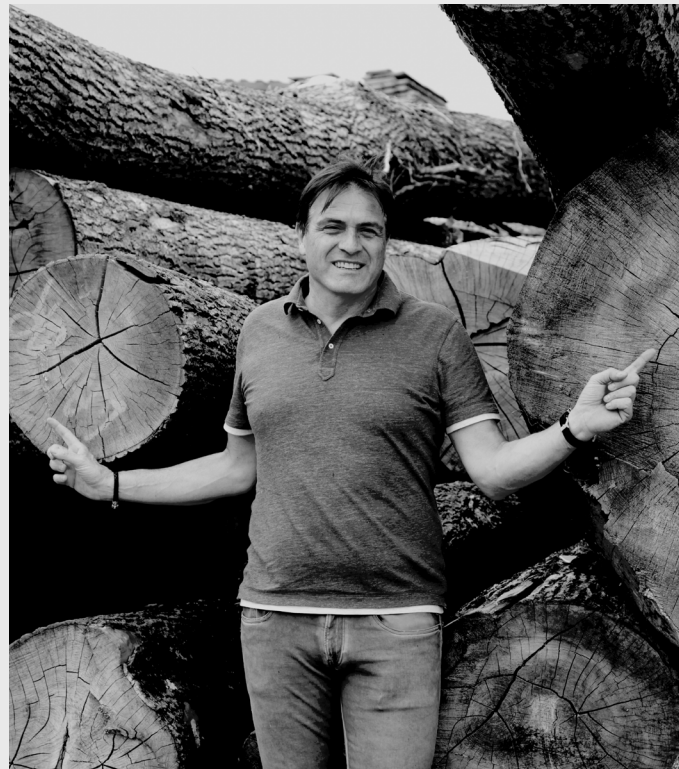

IL LEGNO. LA TUA CASA.

Cordignano, Veneto, Italy

The story of Itlas has been handed down from generation to generation through the dedication to work and craftsmanship. In 1988, Patrizio Dei Tos, in partnership with his father Lino, purchased the Zarpellon sawmill at Cordignano and founded Itlas (Italparchetti Labor Legno Segati). The company produced pre-finished wood flooring, which was an innovative product in the eighties and nineties. Their goal was to solve the manufacturing problems of wood flooring, including expansion and contraction issues and inefficient on-site finishing.

In doing this, Itlas revolutionized wood flooring by creating a wide variety of reliable colors and finishes to choose from by re-engineering the product's structure and finish all while maintaining a love for a natural product and artisanal craftsmanship. The company has maintained its love of craftsmanship and prides itself on being able to produce quantities for all size projects, using time honored traditions combined with modern technology and innovation

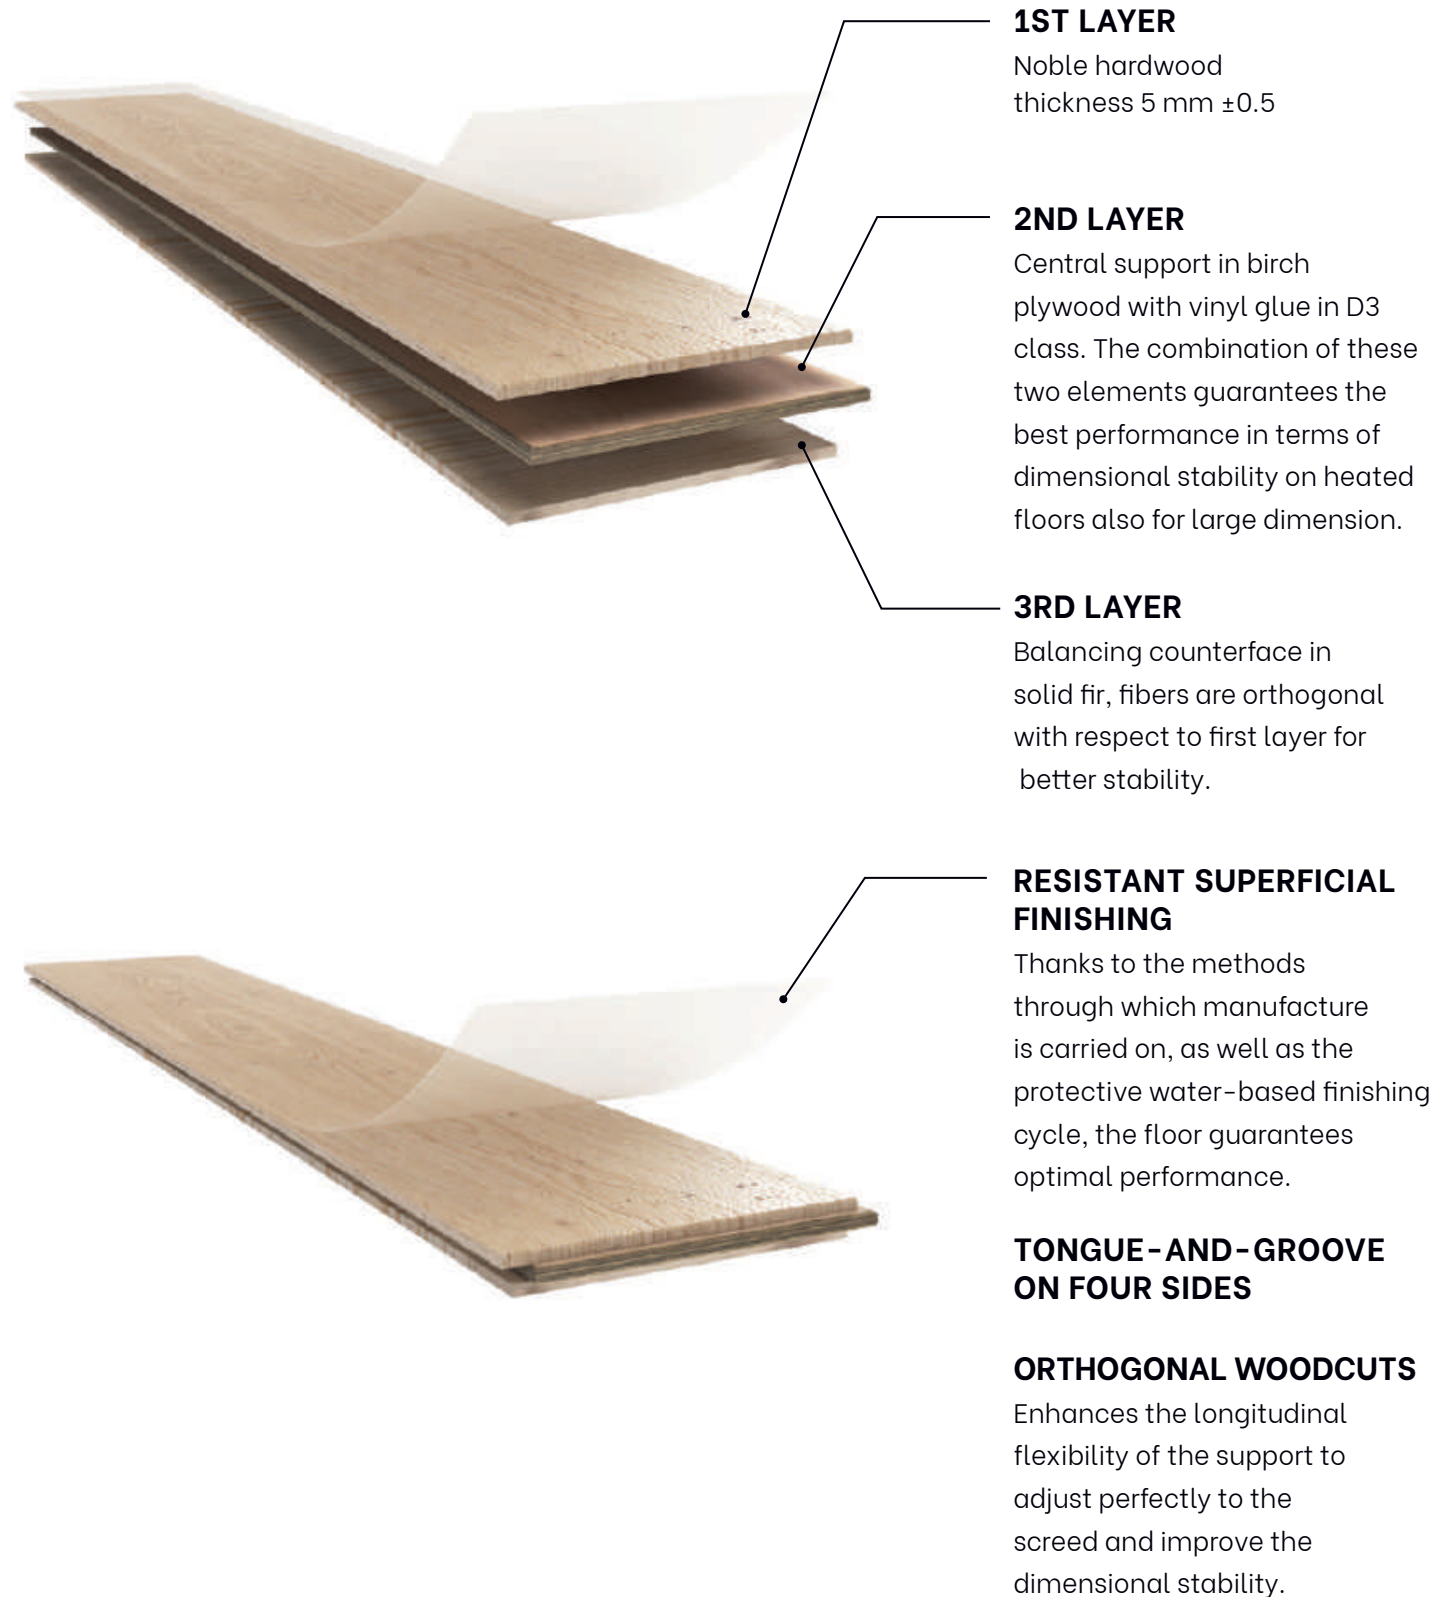

All wood flooring produced by Itlas has a 100% Made in Italy certification.

TAVOLE DEL PIAVE

A large prefinished three-layer planking system, used to enhance the flooring to grant balance, stability and overall quality. The exposed layer features noble wood, the balancing counterface layer is made up of fir hardwood, and the central core is birch plywood, with at least five layers positioned orthogonally on the other layers to enhance its stability.

METALWORK

FEATURED PRODUCT

METALWORK

A twist on a timeless product, our ornamental iron & metalwork pieces are hand-cast and crafted by artisans that incorporate design and quality together to create beautiful pieces of art. Adige is the exclusive supplier for Mingardo and Il Fabbro di Omero Bertacco, Master Blacksmiths. Whether you are looking for a unique hand-cast mirror, a custom side table, or have a completely new project you've dreamt up, our metalwork can add a whole new level to your project. Contact us to get to know more about our customizable products and how we can bring your ideas to life.

MINGARDO

106

Monselice, Veneto, Italy

Mingardo Ilario founded Mingardo Blacksmith Workshop in 1970, after over twenty years of experience in the metal processing field. The production was initially focused on simple blacksmith work for the construction industry. With perfection over time, production focused on more refined items, enabling the company to collaborate with internationally renowned companies and architects.

In 2013, Ilario's son Daniele launched his own brand, Mingardo, in order to combine his passion for craftsmanship with his love for design. The decision to create his own brand as a manufacturer comes from developing an innovative business project able to transfer artisanal skills to contemporary metal objects designed by emerging and established designers.
